Beef Across Kansas

We are excited to announce the third session of our Beef Across Kansas Series! Our goal is to increase the knowledge of Kansas youth participating in the beef project and help them to become more knowledgeable about the cattle industry by giving them the opportunity to hear from experts and professionals on a timeline that is relevant to their project experience.

The third session of our series, 'Ready for the Ring', will be held virtually on Sunday, January 30th beginning at 2 p.m. This session will feature a speaker who will show us the basics of clipping and fitting, a cattle judge who will touch on showmanship from the judge's point of view, and a current Kansas beef exhibitor who will share with us their approach at training and preparing for showmanship competition. And as always, participants will be given many opportunities to ask questions of our speakers.

We appreciate you taking the time to help us in promoting this event. For more information, including speakers and session schedule, please view and share the following link to share our Facebook Event with your members! https://fb.me/e/8bkoQRCxy Sign up for the webinar at: https://kstate.qualtrics.com/jfe/form/SV_0O3vRvSQCvfPjjU Registration deadline is by the end of the day on Thursday, January 27th. The Benefits of Insects Contest

The Kansas State Pesticide Safety and Integrated Pest Management program is hosting an insect-themed art contest for Kansas 4-Her's and art students across the state. The artwork should depict the benefits of insects. The program encourages youth to get creative and submit an entry before the April 15, 2022 deadline.

This year the artwork needs to fit the contest theme "The Benefits of Insects." The goal is to explore why insects benefit us as a society and why they are important, and create an art piece that captures that information. Selected artwork will be used to promote why insects are important and to create other educational items. Artists that have art selected will receive a certificate and a prize to recognize their achievement. We will select a winner from each of the age categories, and one overall winner will be selected from them. All entries will be judged according to their adherence to the contest theme and overall

visual impact, originality, artistic skill, and effort level. We are looking for colorful and creative art that illustrates the importance of pollinators. Have fun! Submission deadlines:

Entries should be postmarked by April 15, 2022. Mail entries to: Frannie Miller; Pesticide Safety and IPM Program; 600 West Woodside; McPherson, KS 67460
