_____ Senior, Age 14-19

_____ Clothing Construction

Script

Add anything special you want to have know about your project when you write your script. Did you choose it for any special occasion? What special thing did you learn? List any problems, or funny things that happened when you selected or made your garment. Also, you may include your club, your guardians' names, or what grade you will be in school.

Sample Scripts

Poppy Haney was excited to finally get to select her first shopping in style outfit and she went all out! She thought this would be the best time to select some new school clothes and found some dark denim jeans with a flared bottom that will be perfect with any top. She loves hot pink and sparkles so she knew this Barbie inspired top would quickly become a favorite. She wasn't to thank her Gigi for shopping with her and letting her pick her favorite looks.

Palmer loves sports and as an upcoming 8th grader he is needing some new basketball shorts and tops. Like his dad he loves all things Jordan so this matching combination featured his favorite brand and his favorite colors, navy and orange. He has been growing quickly so he was also in need of new sneakers and opted for some basic white Jordan's that will go with everything. Though he may not love the shopping, he certainly loves having new sport clothes and will get lots of use out of these this coming year. Palmer's parents are Stetson and Maja Honig and he is a member of the Wranglers 4-H Club.

Denver decided this was the year to learn to sew and thought pajama pants would be a great place to start. Cutting out the fabric was found to be the most difficult and time-consuming part. Sewing with Nancy provided the opportunity to use a serger and that made quick work of putting together the pieces. Finding a comfortable sleep t-shirt that matched the Bronco flannel bottoms was more challenging. Winter sleep will certainly be no problem for Denver in this comfy look.
